

Departmental Funds

You may also donate online at: <http://www.sas.rochester.edu/chm/about/giving.html>

The department has established several funds that greatly benefit our departmental activities. Contributions from alumni and friends are the dominant source of income to these funds. If you wish to support the Department of Chemistry, please mark the appropriate box on the form below and send it with your contribution. Donations are tax-deductible; donations of appreciated securities may also carry significant tax advantages. If you wish to donate by credit card, please visit the website above. The chemistry department is grateful for your support.

Chemistry Alumni Research Fund

A general fund that enhances the educational and research activities of the department. The fund enables a number of endeavors, among them Fellowship awards to support graduate research and education, the purchase of undergraduate laboratory equipment, assisting graduate students with travel expenses to scientific conferences, and supporting Chemistry's outside speakers program. Note that this fund is under direct control of the Department, and allows Chemistry to expand the scope of its research and teaching activities as needed. By contrast, the "Dean's Fund for Chemistry" is under control of the Dean of the College and not the Department, and is primarily used to supplant the College's expenses for ongoing Chemistry activities.

Richard Eisenberg Chemistry Endowment

A new fund named to honor the distinguished career contributions of Richard S. Eisenberg, the Tracy H. Harris Professor Emeritus of Chemistry. Our goal with the fund is to endow a Chaired Professorship that can be used to attract a senior hire in the areas of inorganic chemistry, photoinduced charge transfer and/or photochemistry. In addition to allowing the faculty size to more rapidly grow to our new allotment, the Chaired Professorship position will allow us to build on current strengths in the Department in catalysis and photochemistry in order to nucleate larger, campus-wide research efforts in these areas.

I wish to contribute to the following fund:

Chemistry Alumni Research Fund

Other - Please specify _____

My gift is in honor of _____ (see above)
